New to High School

- Different course streams in the core subjects
- Higher academic expectations
- Higher expectations for behavior
- More work/homework
- You must pass each course to move into the next course in that stream
- Some courses you take will have students that are not in your grade

Connect Advisor (CA) and Your Student

CAs will support and advocate for each of the students within their program. CAs will take responsibility for each student within their “Connect” Block.

- Responsible for monitoring the student’s progress in all subject areas, their attendance, assisting the students in their daily organization and helping them set realistic goals leading to the completion of coursework and the attainment of their high school diploma. The will help in ensuring struggling students get intervention, and excelling students receive extension activities during the FLT (Focused Learning Time) Block.
- Discuss discipline concerns with members of the Connect Group.
- Build relationships and meaningful connections with members of the Connect Group.
- Identify students with continuing needs and relay those needs back to the High School Levels Group.
- Update students on important school information.
- Take attendance for FLT (Focused Learning Time) and will insure that students attend their assigned FLT class.
