## From The FSW

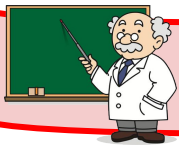

Kids are more successful in school when parents take an active interest in their homework. It shows kids that what they do is important. Here are some tips to guide the way:

1. Know the teachers and what they're looking for
2. Set up a homework-friendly area.
3. Schedule a regular study time
4. Help them make a plan
5. Keep distractions to a minimum
6. Make sure kids do their own work
7. Be a motivator and monitor
8. Set a good example
9. Praise their work and efforts
10. If there are continuing problems, get help, talk with the teacher
