- We learned that Dec and January are crazy with Christmas stuff and semester end stuff. Those months will be prep work but not formal meetings with parent group. Minimal meetings in May/June as all the year end activity and track take a lot of parent involvement.
- Proposed progression for the year from our perspective.
  - Sept-Dec : parent engagement focus with communication, police checks, becoming powerschool experts, following FB and Insta etc. The things listed in column 1 and 2 of plan
  - Jan-May: Advising including surveys completed, how next year could shape, programs to support - moving into column 3 of the plan.
  - April/May - Revise plan for 2024/25 year
  - June AGM where we present a plan for fall and elect a new board.
