

HSS SCHOOL COUNCIL

Engaging Parents
Connecting Classrooms
Enhancing School Culture

How School Council Connects with other societies in the school

School council does not directly fundraise or focus support in a particular area. We do gather parent and community perspectives on any school related topic and collaborate with administration and school staff. Our goal is to make HSS a better place to work, learn and play. We do collaborate with other parent run societies in the following ways:

1. HSS Enhancement Fund (HSSEF)

- Fundraising society for the benefit of the school that holds 2 accounts - one for casino funds and another for general school fundraising.
- As a non profit society, they can apply for grants on behalf of the school
- Parent support is required for all aspects of management, coordination and fundraising. HSSEF reports at school council meetings to inform the school community of plans and progress.
- Contact hssefs@gmail.com

2. HSS Music Association (HSSMA)

- Exists to support music experience for students by coordinating events and fundraising. It is a non profit society with its own process and goals benefiting the band programs, choir and guitar options.
- Parent support is required and HSSMA reports at our school council meetings.
- Contact hssma.pts@gmail.com

3. Kodiak Booster Club

- Exists to support student experience in athletics. Primarily grade 7-12 ASAA sports but also engaging in conversations for sport development in grade 5 and 6.
- It is a new non profit society and getting off the ground 2024/25
- Parent support is required and Booster Club reports at our school council meetings.
