

In an effort to provide transparency to our HSS families as they are making decisions about various topics that may have a financial impact, we are providing families with information about the costs of various sports teams/options. Below is information that is meant to be helpful as you make these decisions. **Please know that there are a lot of factors that go into the specific finances of an option, team, etc., so the exact costs often cannot be provided until after teams are made. The following list are the fees that were charged for the various teams, for the previous season.** If you have any questions about any of the information provided, please feel free to reach out to our Principal, Dean Nielsen at dnielsen@cesd73.ca or at the school office (403-337-3326).
